Update for October 2021

## Greetings to the MAHB Community,

Check out the latest information on what's happening, this month's blogs, new resources, the latest podcast from "Our New World" series with Max Winpenny, and art collaborations.

Not a member of the MAHB yet? [Join the MAHB](#) and help transform progressive civil society into an increasingly powerful force for positive change.

## What's happening

---

Based on the  
Think Resilience Course

COLLAPSE

@WhatsNextForEarth

ART CALL  
Open until Oct. 31, 2021

## What's Next for Earth: Collapse Art Call

A reminder that you are invited to participate in [@WhatsNextForEarth's art call Collapse](#) open until October 31st, 2021. What's Next for Earth is a participative art project on Instagram that invites the community to respond to a monthly topic, reflecting on the human predicament. A selection of the contributions is published on the [MAHB Arts Community Page](#).

Please add your thoughts to the conversations. Previous posts to the MAHB Blog can be found [here](#).

## Resources

Websites to watch out for:

## The Global Sustainable Competitiveness Index

Published since 2012, the Global Sustainable Competitiveness Index (GSCI) is the most comprehensive ranking of countries currently available. The GSCI measures competitiveness of countries based on 131 measurable, quantitative indicators derived from reliable sources, such as the World Bank, the IMF, and various UN agencies.

## [Climate and Economy Roundup](#)

Daily updates on climate change and the global economy

**Podcasts**

**MAHB**

# Our New World

*With Max Winpenny*

## 6 Ways to Save our World *with Phoebe Barnard*

"This should be hundreds of thousands of fires being lit across the planet".

In part 2 of episode 8, Dr. Phoebe Barnard takes us through the last 3 recommended areas of focus from her recent paper 'World Scientists' Warning of a Climate Emergency', for which she was a co-author.

Food systems, population, and the sustainable economy are on this agenda aired first on September 26. It also dives into how increasing women's voices around

climate issues can improve the way in which we are doing things, and help both women and men to become better leaders.

## The Arts

## What's Next for Earth: Biodiversity Online Exhibition

This Biodiversity art call was based on [Think Resilience](#), the Post Carbon

---

Institute's free online course. We asked the artists to sign up and to watch the course, one lesson at a time. Here are the results.

---

## Plastic

A love-hate relationship with magic and innovation, and an environmental nightmare.
